WOMEN IN BATTERIES CONFERENCE

Celebrate and empower women in the battery industry with the 2025 Women in Batteries Conference!

This signature event unites world-class women and allies from industry, academia, and government to explore the challenges faced by women in the battery industry and collaborate on actionable strategies to drive meaningful change. By harnessing the collective wisdom, energy, and expertise of our diverse community, we aim to shape the industry into one that champions greater inclusivity and gender equality.

2025 Conference: July 30-31 | Stanford University
